

Alliance Psychiatry Education Grant Requests

This document provides information for anyone interested in applying for funding for alliance psychiatry program educational grants and it is recommended that it is reviewed in its entirety before creating a login/registration and/or submitting a new application.

- Completed grant requests must be submitted to the Lundbeck alliance partner at least 60 days before the start date of the intended live activity or enduring material creation
- **Please note this is for informational purposes only. Adherence to these guidelines does not automatically guarantee support of a grant application**

Lundbeck and Otsuka alliance

Lundbeck and OAPI are dedicated to patients, healthcare professionals and our communities. Through our alliance we strive to make a meaningful difference by providing support to organizations and institutions that share our vision of a healthier tomorrow for people with serious mental illness and other brain disorders.

In the therapeutic areas of **Major Depressive Disorder (MDD)** and **Schizophrenia**, please submit requests to the Lundbeck and OAPI alliance at <http://www.otsuka-us.com/Resources/Pages/SponsorshipsandGrants.aspx>.

Areas of Interest:

- Schizophrenia
- Major Depressive Disorder

Lundbeck and Takeda alliance

Lundbeck and Takeda are committed to supporting high – quality medical education grants. Support is provided for activities designed to enhance the knowledge and skills of health care professionals who treat patients with Major Depressive Disorder (MDD). Supported requests will address identified unmet educational needs and foster increased understanding of scientific, clinical, and health care issues that contribute to the enhancement of patient care.

In the therapeutic area of **Major Depressive Disorder (MDD)**, please submit requests to the Lundbeck and Takeda Pharmaceuticals International alliance at www.lundbeck-takedagrants.com.

Areas of Interest:

- Schizophrenia
- Major Depressive Disorder
